

RBE SSC CGL Tier-1 Live Mock 29, August 09, 2026

Q. 1	Find the next term of the series. 71, 90, 113, 142, 173, ? a) 210  b) 208  c) 206  d) 214 
Explanation:	Series: 71, 90, 113, 142, 173, ? Find the differences: $90 - 71 = 19$ $113 - 90 = 23$ $142 - 113 = 29$ $173 - 142 = 31$ Differences are prime numbers: 19, 23, 29, 31 Next prime = 37 Next term = $173 + 37 = 210$ Answer: 210

Q. 2	In a row of students, Faiz is 41st from the left end and Rishab is 37th from the right end. If there are 37 students between Faiz and Rishab, find the total number of students in the row. a) 114  b) 116  c) 115  d) 117 
Explanation:	Faiz = 41 from left, Rishab = 37 from right, students between = 37 Rishab from left = $N - 37 + 1 = N - 36$ Students between = $(N - 36) - 41 - 1 = 37$ $N - 78 = 37 \rightarrow N = 115$ 

Q. 3

Three statements are given, followed by three conclusions numbered I, II and III. Assuming the statements to be true, even if they seem to be at variance with commonly known facts, decide which of the conclusions logically follow(s) from the statements.

Statements:

Some students are players.

All players are athletes.

No athlete is doctor.

Conclusions:

I. Some students are doctors.

II. Some athletes are players.

III. Some doctors are players.

a) Only conclusion II follows

b) Only conclusion III follows

c) Conclusions I and II follow

d) Conclusions II and III follow

Explanation:

Conclusion I: Some students are doctors.

Students → Players → Athletes, and **no athlete is doctor**, so students who are players cannot be doctors.

But we cannot say about all students.

Therefore **does not follow**.

Conclusion II: Some athletes are players.

Since **some students are players** and **all players are athlete**, those players are definitely athletes.

Therefore **some athletes are players**.

Follows.

Conclusion III: Some doctors are players.

Players are athletes and **no athlete is doctor**, so players cannot be doctors.

Therefore **does not follow**.

Correct Answer: Only conclusion II follows.

Q. 4

In a leap year, 1st January falls on a Sunday. How many Sundays are there in that year?

- a) 52 
- b) 53 
- c) 51 
- d) 50 

Explanation:

- leap year has 366 days = 52 weeks + 2 days
- 52 full weeks → 52 Sundays
- Remaining 2 days: **1st January = Sunday**, so the 2 extra days are **Sunday and Monday** → 1 extra Sunday

Total Sundays = 52 + 1 = 53 

Answer: 53

Q. 5

Study the given diagram carefully and answer the questions. The numbers in different sections indicate the number of people who like different food items. How many people do NOT prefer bread?

- a) 43 ☐
- b) 186 ☒
- c) 151 ☐
- d) 36 ☐

Explanation:

From the Venn diagram, the regions **without Bread** are:

- Noodles only = 87
- Rice only = 65
- Noodles $\cap$ Rice (but not Bread) = 34

Total people who **do NOT** prefer Bread:

$$87 + 65 + 34 \\ = 186$$

Answer: (2) 186

Q. 6

Select the correct mirror image of the given figure when the mirror is placed at MN as shown below.

h t e 3 7 r

M

N

- a) r 7 3 e t h 
- b) r 7 3 e t h 
- c) r 7 3 e t h 
- d) h t e 3 7 r 

Explanation:

h t e 3 7 r

M

N

r 7 3 e t h

Q. 7	Which option represents the correct order of the given words as they would appear in an English dictionary? 1. Feminism 2. Felicity 3. Fearless 4. Fearsome 5. Fetching a) 3, 4, 2, 1, 5  b) 2, 3, 4, 5, 1  c) 5, 2, 4, 1, 3  d) 5, 2, 1, 3, 4 
Explanation:	Words: Fearless, Fearsome, Felicity, Feminism, Fetching All words start with Fe. Next letters: Fea, Fel, Fem, Fet → Fea comes first. Between Fearless and Fearsome, l comes before s. Final order: Fearless → Fearsome → Felicity → Feminism → Fetching Sequence: 3, 4, 2, 1, 5 Answer: 1

Q. 8

Which of the following addresses are identical to each other:

1. Rahul Sharma, 27/5 Block-B, Shastri Nagar, Lucknow, 226010
2. Rahul Sharma, 27/5 Block-B, Shastri Nagar, Lucknow, 226010
3. Rahul Sharma, 27/5 Block-B, Shastri Nagar, Lucknow, 226011
4. Rahul Sharma, 27/5 Block B, Shastri Nagar, Lucknow, 226010

a) 1 & 2

b) 1 & 4 c) 2 & 3 d) 3 & 4 

Explanation:

1 and 2 → completely identical.

3 → PIN code **226011**, different from **226010**.4 → written **Block B** instead of **Block-B**, so not identical.Therefore, the **identical addresses** are 1 & 2.

Q. 9

Select the correct combination of mathematical signs that can sequentially replace * signs from left to right to balance the following equation.

$$48 * 6 * 3 * 12 * 4 * 40$$

a) $\times, -, \div, +, =$ b) $-, \div, +, \times, =$ c) $\div, +, \times, -, =$ d) $+, \times, \div, -, =$ 

Explanation:

Option (3): $\div, +, \times, -, =$

$$48 \div 6 + 3 \times 12 - 4 = 40$$

$$48 \div 6 = 8$$

$$3 \times 12 = 36$$

$$8 + 36 - 4 = 40$$

Q. 10

By interchanging the given two numbers which of the following equations will be correct?

6 and 15

I. $6 \times 5 + 30 \div 15 - 4 = 91$

II. $150 \div 6 + 10 \times 3 - 15 = 34$

a) Only II ✓

b) Neither I nor II ✗

c) Both I and II ✗

d) Only I ✗

Explanation:

Interchange 6 and 15.

I.

$$15 \times 5 + 30 \div 6 - 4$$

$$= 75 + 5 - 4$$

$$= 76 \neq 91 \text{ ✗}$$

II.

$$150 \div 15 + 10 \times 3 - 6$$

$$= 10 + 30 - 6$$

$$= 34 \text{ ✓}$$

Answer: Only II

Q. 11

If $12@4 = 192$ and $15@3 = 135$, then $19@5 = ?$

a) 345 ✗

b) 375 ✗

c) 445 ✗

d) 475 ✓

Explanation:

Logic: $\text{number}_1 @ \text{number}_2 = \text{number}_1 \times (\text{number}_2)^2$

$$12 @ 4 = 12 \times 4^2 = 192$$

$$15 @ 3 = 15 \times 3^2 = 135$$

$$19 @ 5 = 19 \times 5^2$$

$$= 19 \times 25$$

$$= 475$$

Answer: 475

Q. 12

Find the next term of the series.

781, 785, 801, 865, 1121, ?

a) 1633 b) 1533 c) 2145 d) 2045 **Explanation:**

Series:

781, 785, 801, 865, 1121, ?

Find the differences:

$$785 - 781 = 4 = 2^2$$

$$801 - 785 = 16 = 4^2$$

$$865 - 801 = 64 = 8^2$$

$$1121 - 865 = 256 = 16^2$$

Squares are doubling:

$$2^2, 4^2, 8^2, 16^2$$

$$\text{Next difference} = 32^2 = 1024$$

$$\text{Next term} = 1121 + 1024 = \mathbf{2145}$$

Answer: (c) 2145

Q. 13	You are waiting at a crowded railway platform and notice a small child crying and wandering alone without any parent or guardian nearby. What should be your first course of action? a) Ignore the situation and continue waiting for your train.  b) Announce loudly asking if anyone has lost a child.  c) Gently approach the child, comfort him, ask about his parents or guardian and inform the railway authorities if needed.  d) Leave the place and assume someone else will handle the situation. 
Explanation:	The first and safest action is to gently approach the child, comfort him, ask about his parents or guardian and inform the railway authorities if needed. This is correct because: • ignoring the child is unsafe, • shouting publicly may confuse or frighten the child, • leaving the place is irresponsible. Answer: Gently approach the child, comfort him, ask about his parents or guardian and inform the railway authorities if needed.

Q. 14

Select the set in which the numbers are related in the same way as are the numbers of the following set.

(NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits.)

(8, 63, 1)

(12, 80, 4)

a) (12, 85, 6)

b) (11, 57, 4)

c) (18, 105, 4)

d) (9, 20, 3)

Explanation:

Logic:

First number² – Third number³ = Middle number

Check options:

(12, 85, 6) → $12^2 - 6^3 = 144 - 216 = -72$ ✗

(11, 57, 4) → $11^2 - 4^3 = 121 - 64 = 57$ ✓

(18, 105, 4) → $18^2 - 4^3 = 324 - 64 = 260$ ✗

(9, 20, 3) → $9^2 - 3^3 = 81 - 27 = 54$ ✗

Answer: (11, 57, 4)

Q. 15

P, Q, R, S and T live in a five-floor building where the ground floor is numbered Floor 1 and the topmost floor is numbered Floor 5. No two people live on the same floor. There are two floors between T and R, where T lives above R. Q lives immediately below T. There is one floor between P and Q. S lives immediately below Q. Then who among the following lives on Floor 3?

- a) T 
- b) Q 
- c) S 
- d) R 

Explanation:

5 TH FLOOR	P
4 TH FLOOR	T
3 RD FLOOR	Q
2 ND FLOOR	S
1 ST FLOOR	R

Q lives on 3rd Floor.

Q. 16

14 is related to 189 following a certain logic. Following the same logic, 22 is related to 473 . To which of the following is 18 related, following the same logic? (NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into its constituent digits. E.g., 13 – Operations on 13 such as adding/subtracting/multiplying etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed.)

- a) 324 
- b) 333 
- c) 315 
- d) 317 

Explanation:

Logic: $n^2 - n/2$

$$14 \rightarrow 14^2 - 14/2 = 196 - 7 = 189$$

$$22 \rightarrow 22^2 - 22/2 = 484 - 11 = 473$$

$$18 \rightarrow 18^2 - 18/2 = 324 - 9 = 315$$

Answer: 315

Q. 17

Find the missing term based on some logic.

BG : 23 :: LQ: 233 :: RJ : ?

- a) 189 
- b) 296 
- c) 208 
- d) 246 

Explanation:

- Convert letters to their alphabet positions.
- Multiply 1st $\times$ 2nd, then add (1st + 2nd).
- Result = corresponding number.

Applied to RJ: $18 \times 10 + (18 + 10) = 208$ 

Q. 18**Find the next term of the series.****217, 152, 100, 61, 35, ?****a) 22** **b) 27** **c) 24** **d) 23** **Explanation:****Series:** 217, 152, 100, 61, 35, ?**Differences:** $-65, -52, -39, -26 \rightarrow$ decreasing by 13 each time**Next difference:** $-26 - 13 = -39$ **Next term:** $35 - 39 = -4$ **Answer:** 22

Q. 19

In this question, a statement is given followed by two conclusions. Choose the conclusion(s) which best fit(s) logically.

Statement:

Any student who does not behave properly while in school brings bad name to himself and also for the school.

Conclusions:

I. Such student should be removed from the school.

II. Strict discipline does not improve the behaviour of the students.

a) Neither conclusion I nor II follows 

b) Both conclusion I and II follows 

c) Only conclusion I follows 

d) Only conclusion II follows 

Explanation:

Statement:

Any student who does not behave properly in school brings a bad name to himself and to the school.

Conclusion I: Such student should be removed from the school.

The statement only says misbehaviour brings a bad name; it does **not state or imply removal** from school.

So **Conclusion I does not follow.**

Conclusion II: Strict discipline does not improve the behaviour of the students.

The statement says **nothing about discipline or its effect**, so this also **does not follow.**

Correct Answer: Neither conclusion I nor II follows.

Q. 20

In a certain code language, 'PLACE' is written as '31', and 'SHORT' is written as '74'. How will 'TABLE' be written in that language?

- a) 40 
- b) 38 
- c) 34 
- d) 37 

Explanation:

$$\text{PLACE} = \text{P} + \text{L} + \text{A} + \text{C} + \text{E}$$

$$= 16 + 12 + 1 + 3 + 5 = 37$$

$$37 - 6 = 31$$

$$\text{SHORT} = \text{S} + \text{H} + \text{O} + \text{R} + \text{T}$$

$$= 19 + 8 + 15 + 18 + 20 = 80$$

$$80 - 6 = 74$$

Similarly,

$$\text{TABLE} = \text{T} + \text{A} + \text{B} + \text{L} + \text{E}$$

$$= 20 + 1 + 2 + 12 + 5 = 40$$

$$40 - 6 = 34$$

Ans: 34

Q. 21

Pointing to a photo, Sneha said, "This man is the only son of my mother's mother-in-law". Sneha is a female. How is Sneha related to the man?

- a) Father 
- b) Daughter 
- c) Son 
- d) Mother 

Explanation:

Sneha said: "This man is the only son of my mother's mother-in-law."

Mother's mother-in-law = Sneha's paternal grandmother
(her mother's husband's mother).

The only son of Sneha's paternal grandmother = Sneha's father.

Therefore, the man in the photo is Sneha's father.

Since Sneha is female, she is his daughter.

Answer: Daughter

Q. 22

Select the option that is related to the third word in the same way as the second word is related to the first word. (The words must be considered as meaningful English words and must not be related to each other based on the number of letters / number of consonants / vowels in the word.)

Bee : Beehive :: Dog : ?

a) Kennel 

b) Stable 

c) Pen 

d) Shed 

Explanation:

Bee : Beehive :: Dog : ?

Bee lives in a **Beehive**.

Similarly, a **Dog** lives in a **Kennel**.

Check options:

Kennel → house of dog ✓

Stable → house of horse

Pen → enclosure for animals

Shed → storage place

Answer: Kennel

Q. 23

Three of the following four are alike in a certain way and thus form a group. Which is the one that does NOT belong to that group? (Note: The odd one out is not based on the number of consonants/vowels or their position in the letter cluster.)

- a) MPL 
b) HKG 
c) WZV 
d) RUS 

Explanation:

Convert letters to positions.

MPL → M(13), P(16), L(12)
 $16 - 13 = +3$, $12 - 16 = -4$

HKG → H(8), K(11), G(7)
 $11 - 8 = +3$, $7 - 11 = -4$

WZV → W(23), Z(26), V(22)
 $26 - 23 = +3$, $22 - 26 = -4$

RUS → R(18), U(21), S(19)
 $21 - 18 = +3$, $19 - 21 = -2$

First three follow (+3, -4) pattern.
RUS follows (+3, -2).

Odd one out: RUS

Q. 24

Select the term that relates to the third term in the same way that the second term relates to the first term.

59 : 104 :: 78 : ?

- a) 43 
- b) 165 
- c) 134 
- d) 156 

Explanation:

Rule: Number + (product of its digits)

$$59 \rightarrow 5 \times 9 = 45$$

$$59 + 45 = 104$$

$$78 \rightarrow 7 \times 8 = 56$$

$$78 + 56 = 134$$

Answer: 134

Q. 25

Find the next term of the alphabetical series.

CMV, FPY, ISB, LVE, OYH, ?

- a) QBK 
- b) RZK 
- c) RBK 
- d) SBK 

Explanation:

First letters: C → F → I → L → O (+3) → R

Second letters: M → P → S → V → Y (+3) → B

Third letters: V → Y → B → E → H (+3) → K

Next term = RBK

Answer: (c) RBK

Q. 26

Who among the following introduced the Public Examinations (Prevention of Unfair Means) Amendment Bill, 2026, in the Lok Sabha in July 2026?

a) Dharmendra Pradhan 

b) Prahlad Joshi 

c) Jitendra Singh 

d) Jagat Prakash Nadda 

The Public Examinations (Prevention of Unfair Means) Amendment Bill, 2026 was introduced in the Lok Sabha on 27 July 2026 by Dr. Jitendra Singh, Minister of State for Personnel, Public Grievances and Pensions.

Explanation:

1. Introduction of the Bill

- The Bill was tabled in Lok Sabha on **27 July 2026**.
- It strengthens the 2024 Act by imposing **stricter penalties, higher fines, and faster trials** to curb exam malpractices such as paper leaks and impersonation.

2. Key Provisions

- **Imprisonment:** Raised from 3–5 years to **5–10 years**.
- **Fines:** Increased from ₹10 lakh to **₹50 lakh** for individuals.
- **Service Providers:** Fine raised from ₹1 crore to **₹5 crore**; debarment extended from 4 years to **8 years**.
- **Organised Crime:** Minimum **7 years imprisonment** and fine of **₹10 crore**.
- **Special Fast Track Courts:** Mandatory for speedy trials within **3 months**.

3. Reason for Introduction

- Triggered by **NEET-UG 2026 paper leak scandal** and widespread student protests.
- Aimed at restoring **trust in competitive examinations**.

Other Options:

Dharmendra Pradhan – Former Union Education Minister (resigned in July 2026 after the NEET paper leak controversy).

Prahlad Joshi – Newly appointed Union Education Minister (appointed in July 2026).

Jitendra Singh – Minister of State for Personnel, Public Grievances & Pensions.

Jagat Prakash Nadda – Union Health Minister & Former-BJP President

Explanation:

Q. 27

Consider the following statements regarding the Non-Cooperation Movement (1920–1922):

Statement 1: The resolution endorsing the Non-Cooperation Movement was passed at the special session of the Indian National Congress in Calcutta in February 1920.

Statement 2: Mahatma Gandhi formally announced the withdrawal of the movement following the violent Chauri Chaura incident in September 1922.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Answer: Neither 1 nor 2 is correct

Explanation:

Statement 1

- The resolution for the Non-Cooperation Movement was passed at the special session of the Indian National Congress in Calcutta in September 1920, not February 1920.
- Therefore, Statement 1 is incorrect.

Statement 2

- The Chauri Chaura incident occurred on 5 February 1922, not September 1922.
- After this violent episode, Gandhi immediately announced the withdrawal of the movement.
- Therefore, Statement 2 is incorrect.

Explanation:

Q. 28

Consider the following statements regarding global ocean surface currents:

Statement 1: The Gulf Stream is a warm ocean current flowing along the eastern coast of North America in the North Atlantic Ocean.

Statement 2: The Benguela Current is a cold ocean current that flows southward along the western coast of Southern Africa.

Which of the statements given above is/are correct?

a) Statement 1 only 

b) Statement 2 only 

c) Both 1 and 2 are correct 

d) Neither 1 nor 2 is correct 

Explanation:

Answer: Statement 1 only

Explanation:

Statement 1

- The Gulf Stream is indeed a warm ocean current.
- It flows northward along the eastern coast of North America in the North Atlantic Ocean.
- This statement is correct.

Statement 2

- The Benguela Current is a cold ocean current.
- It flows northward (not southward) along the western coast of Southern Africa.
- The statement says “southward,” which makes it incorrect.

Q. 29

Consider the following statements regarding quantitative tools of monetary policy managed by the Reserve Bank of India (RBI):

- Statement 1: Repo Rate is the interest rate at which commercial banks borrow long-term funds from the RBI against government securities.
- Statement 2: A decrease in the Cash Reserve Ratio (CRR) releases additional loanable funds to commercial banks, leading to credit expansion.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Explanation:

Answer: Statement 2 only

Statement 1

- **Repo Rate** is the interest rate at which **commercial banks borrow short-term funds** from the RBI against government securities.
- The statement incorrectly mentions **long-term funds**.
- Therefore, **Statement 1 is incorrect**.

Statement 2

- **Cash Reserve Ratio (CRR)** is the proportion of deposits that banks must keep with the RBI.
- A **decrease in CRR** frees up more funds for banks to lend, leading to **credit expansion**.
- The statement correctly reflects this effect.
- Therefore, **Statement 2 is correct**.

Q. 30

Which scheme of the Ministry of Social Justice and Empowerment has successfully rehabilitated over 10,200 individuals engaged in begging across 216 cities of India?

a) MISSION SHAKTI

b) SWADHAR GREH

c) SMILE

d) NAMASTE

The scheme of the **Ministry of Social Justice and Empowerment** that has successfully rehabilitated over **10,200 individuals engaged in begging across 216 cities of India** is **SMILE (Support for Marginalized Individuals for Livelihood and Enterprise)**.

Explanation:

1. SMILE Scheme

- Full form: *Support for Marginalized Individuals for Livelihood and Enterprise*.
- Launched by the **Ministry of Social Justice and Empowerment**.
- Focus: Rehabilitation of persons engaged in **begging** and **transgender persons**.
- Achievements: Over **10,200 individuals rehabilitated in 216 cities**.
- Provides skill development, shelter, medical facilities, and livelihood support.

Explanation:

2. MISSION SHAKTI

- **Ministry:** Ministry of Women & Child Development
- **Focus Area:** Safety, security, and empowerment of women

3. SWADHAR GREH

- **Ministry:** Ministry of Women & Child Development
- **Focus Area:** Shelter and support for women in distress

4. NAMASTE

- **Ministry:** Ministry of Housing & Urban Affairs + Ministry of Social Justice
- **Focus Area:** National Action for Mechanised Sanitation Ecosystem (for sanitation workers)

Q. 31	“Ringaal Art” is associated with which Indian State/UT? a) Himachal Pradesh  b) Uttarakhand  c) Jammu & Kashmir  d) Rajasthan 
Explanation:	Ringaal Art is associated with Uttarakhand. Explanation: 1. Ringaal Art refers to traditional bamboo craft practiced by local artisans in Uttarakhand, especially in hilly districts. 2. It uses a special type of bamboo called <i>Ringaal</i> (a dwarf bamboo species found in Himalayan regions). 3. Artisans make baskets, mats, furniture, and utility items, which are eco-friendly and integral to rural livelihoods. 4. The craft is also promoted under various state and central government initiatives for sustainable livelihood and cultural preservation.

Q. 32

Consider the following statements regarding chemical bonds and properties of compounds:

Statement 1: Ionic compounds generally possess high melting and boiling points and conduct electricity when dissolved in water or in molten state.

Statement 2: Covalent compounds are formed by complete transfer of electrons between reacting atoms and conduct electricity effectively in solid state.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Statement 1 only

Explanation:

Statement 1

- Ionic compounds are formed by transfer of electrons between atoms (e.g., NaCl).
- They generally have high melting and boiling points due to strong electrostatic forces between ions.
- They conduct electricity only when dissolved in water (aqueous solution) or in molten state, because free ions are available to carry charge.
- This statement is correct.

Statement 2

- Covalent compounds are formed by sharing of electrons, not by complete transfer.
- They usually have low melting and boiling points compared to ionic compounds.
- They are poor conductors of electricity in solid or liquid state, since they lack free ions or charged particles.
- The statement incorrectly describes covalent bonding and electrical conductivity.
- Hence, Statement 2 is incorrect.

Explanation:

Q. 33

In the context of Public Finance, what does a Zero Primary Deficit signify?

- a) The Government does not make any interest payments. 
- b) The Government does not borrow funds to meet its interest obligations. 
- c) The Government is not borrowing to finance its fiscal deficit. 
- d) The Government's entire borrowing is utilized for paying interest on previous debt. 

Correct Answer: The Government's entire borrowing is utilized for paying interest on previous debt.

Explanation:

Understanding Primary Deficit

- **Primary Deficit = Fiscal Deficit – Interest Payments.**
- It shows the borrowing requirement of the government **excluding interest obligations.**

Explanation:

Zero Primary Deficit

- If the **Primary Deficit = 0**, it means:
 - The government's **fiscal deficit is entirely due to interest payments** on past debt.
 - In other words, the government is **not borrowing to finance current expenditure (excluding interest).**
 - All borrowing is being used **only to pay interest.**

Q. 34

Consider the following statements regarding the Supreme Court of India's jurisdiction:

Statement 1: The Supreme Court exercises exclusive original jurisdiction in disputes between the Government of India and one or more States under Article 131.

Statement 2: Disputes regarding the distribution of river waters between neighboring states fall under the appellate jurisdiction of the Supreme Court.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Statement 1 only

Explanation:

Statement 1

- Under Article 131, the Supreme Court has exclusive original jurisdiction in disputes between:
 - The Government of India and one or more States, or
 - Between two or more States.
- This jurisdiction is exclusive (only SC can hear such disputes).
- Hence, Statement 1 is correct.

Statement 2

- Disputes regarding the distribution of river waters between States are not under the Supreme Court's original jurisdiction.
- They are dealt with under the Inter-State River Water Disputes Act, 1956, through tribunals constituted for this purpose.
- The Supreme Court may hear appeals against tribunal awards, but this falls under its special jurisdiction, not "appellate jurisdiction" in the usual sense.
- Therefore, the statement as worded is incorrect.

Explanation:

Q. 35

Consider the following statements regarding classical Indian music traditions:

Statement 1: Hindustani music is predominant in Northern India and features styles such as Dhrupad, Khayal, and Thumri.

Statement 2: Carnatic music is predominant in Southern India and relies heavily on structured composition systems (*Kritis*) developed primarily by the Trinity of Carnatic music.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Both 1 and 2 are correct

Explanation:

Statement 1

- **Hindustani music** is predominant in **Northern India**.
- It features styles such as **Dhrupad, Khayal, and Thumri**.
- This statement is **correct**.

Statement 2

- **Carnatic music** is predominant in **Southern India**.
- It relies heavily on structured compositions called **Kritis**, developed primarily by the **Trinity of Carnatic music** (Tyagaraja, Muthuswami Dikshitar, Syama Sastri).
- This statement is also **correct**.

Explanation:

Q. 36

The Union Home Minister Amit Shah inaugurated the Land Port Management System (LPMS) on 9th June, 2026. What was its name?

a) JANSAMARTH b) DHRISTI c) BHUVAN d) VINIMAY 

Explanation:

The Land Port Management System (LPMS) inaugurated by Union Home Minister Amit Shah on 9th June 2026 was named **VINIMAY**. It is a digital platform designed to streamline cargo and passenger movement across India's land borders.

Key Details about LPMS – VINIMAY

- **Launch Date:** 9 June 2026, New Delhi.
- **Launched By:** Union Home Minister Amit Shah.
- **Objective:**
 - Digitize and integrate operations across India's land ports.
 - Enable **real-time data sharing** among agencies like CBIC, BSF, DGFT, UIDAI, ICEGATE, etc.
 - Reduce paperwork by **90%** and cut processing time by **40–60%**.
- **Scope:**
 - Currently covers **15 operational land ports**.
 - Plans to develop **11 more land ports** in the next three years.
- **Impact:**
 - Strengthens border security.
 - Facilitates legitimate trade and people-to-people connectivity.
 - Helps curb illegal activities and migration from border districts.

Other Options:

- **JANSAMARTH** – Digital platform for credit-linked government schemes.
- **DHRISTI** – Associated with surveillance/defence-related projects.
- **BHUVAN** – ISRO's geoportal for satellite imagery.

Q. 37

Consider the following statements regarding human respiratory physiology:

Statement 1: During normal inhalation in humans, the diaphragm contracts and flattens while the thoracic cavity decreases in volume.

Statement 2: Alveoli are tiny, balloon-like structures in human lungs that provide a large surface area for gas exchange with blood capillaries.

Which of the statements given above is/are correct?

a) Statement 1 only 

b) Statement 2 only 

c) Both 1 and 2 are correct 

d) Neither 1 nor 2 is correct 

Correct Answer: Statement 2 only

Explanation:

Statement 1

- During normal inhalation, the diaphragm contracts and flattens, causing the thoracic cavity to increase in volume, not decrease.
- This expansion reduces pressure inside the lungs, drawing air in.
- Since the statement says the thoracic cavity decreases in volume, it is  incorrect.

Statement 2

- Alveoli are tiny, balloon-like sacs in the lungs.
- They provide a large surface area for efficient gas exchange with surrounding blood capillaries (oxygen in, carbon dioxide out).
-  This statement is correct.

Explanation:

Q. 38

Consider the following statements regarding the human circulatory system and heart structure:

Statement 1: Deoxygenated blood from body tissues enters the right atrium through the superior and inferior vena cava.

Statement 2: Pulmonary veins transport oxygenated blood directly from the lungs back to the left atrium of the heart.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Both 1 and 2 are correct

Explanation:

Statement 1

- Deoxygenated blood from body tissues returns to the heart via the superior vena cava (from upper body) and inferior vena cava (from lower body).
- Both empty into the right atrium.
- This statement is correct.

Statement 2

- The pulmonary veins carry oxygenated blood from the lungs back to the left atrium of the heart.
- This is the only case where veins carry oxygen-rich blood.
- This statement is also correct.

Explanation:

Q. 39	'Dayro and Lokvarta' folk music are associated with which Indian State? a) Karnataka ✗ b) Haryana ✗ c) Odisha ✗ d) Gujarat ✓
Explanation:	Correct Answer: Gujarat Explanation: • Dayro and Lokvarta are traditional folk music and storytelling forms of Gujarat. • They involve devotional songs, narrative ballads, and social messages delivered in a musical style. • Performed in rural areas and during festivals, they are deeply rooted in Gujarati cultural heritage. Other Options: Karnataka: Karadimajal, Yakshagana, Janapada Geethe Haryana: Jogis, Bhats and Sangis Odisha: Avanti, Panchal, Odramagadhi

Q. 40

Consider the following statements regarding atmospheric structure and composition:

Statement 1: The Troposphere contains virtually all atmospheric water vapor and weather phenomena like clouds, rain, and storms occur here.

Statement 2: Commercial jet aircraft usually fly in the upper Stratosphere because it contains high concentration of convective storm cells.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Statement 1 only

Explanation:

Statement 1

- The **Troposphere** is the lowest layer of the atmosphere (up to ~8–18 km).
- It contains **almost all atmospheric water vapor**.
- Weather phenomena such as **clouds, rainfall, storms, and winds** occur here.
- This statement is **correct**.

Statement 2

- **Commercial jet aircraft** usually fly in the **lower stratosphere or near the tropopause**, not the *upper stratosphere*.
- Reason: The stratosphere is relatively stable, with less turbulence and absence of convective storm cells.
- The statement incorrectly claims jets fly in the upper stratosphere *because of storm cells* (which are actually in the troposphere).
- This statement is **incorrect**.

Explanation:

Q. 41

Consider the following statements regarding the Election Commission of India:

Statement 1: Article 324 provides for the establishment, composition, and powers of the Election Commission of India.

Statement 2: The Chief Election Commissioner and other Election Commissioners are appointed by the President and hold office for a term of six years or until attaining the age of 62 years.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Statement 1 only

Explanation:

Statement 1

- **Article 324** of the Indian Constitution provides for the **establishment, composition, and powers** of the Election Commission of India (ECI).
- It vests the superintendence, direction, and control of elections in the Commission.

Explanation:

-  **This statement is correct.**

Statement 2

- The **Chief Election Commissioner (CEC)** and other Election Commissioners are appointed by the **President of India**.
- Their tenure is **6 years or until the age of 65 years**, whichever is earlier (not 62 years).
-  **This statement is incorrect.**

Q. 42

Consider the following statements regarding ancient Indian historical literature:

Statement 1: *Rajatarangini*, authored by Kalhana in the 12th century CE, provides a detailed chronological chronicle of the kings of Kashmir.

Statement 2: *Mudrarakshasa*, composed by Visakhadatta, depicts the political ascension of Chandragupta Maurya under Chanakya's guidance.

Which of the statements given above is/are correct?

a) Statement 1 only 

b) Statement 2 only 

c) Both 1 and 2 are correct 

d) Neither 1 nor 2 is correct 

Correct Answer: Both 1 and 2 are correct

Explanation:

Statement 1

- **Rajatarangini**, authored by **Kalhana** in the **12th century CE**, is a Sanskrit chronicle.
- It provides a **detailed chronological account of the kings of Kashmir**, from mythical times up to Kalhana's own period.

Explanation:

-  **This statement is correct.**

Statement 2

- **Mudrarakshasa**, composed by **Visakhadatta**, is a famous Sanskrit political drama.
- It depicts the **political ascension of Chandragupta Maurya** under the guidance of **Chanakya (Kautilya)**, focusing on intrigue, diplomacy, and espionage.
-  **This statement is correct.**

Q. 43

Consider the following statements regarding the Treaty of Salbai (1782):

Statement 1: The treaty marked the end of the First Anglo-Maratha War between the East India Company and the Maratha Empire.

Statement 2: As a consequence of the treaty, Salsette and Elephanta islands were permanently ceded to the Marathas by the British.

Which of the statements given above is/are correct?

a) Statement 1 only 

b) Statement 2 only 

c) Both 1 and 2 are correct 

d) Neither 1 nor 2 is correct 

Correct Answer: Statement 1 only

Explanation:

Statement 1

- The **Treaty of Salbai (1782)** was signed between the **Marathas and the British East India Company**.
- It marked the **end of the First Anglo-Maratha War (1775–1782)**.
-  **This statement is correct.**

Statement 2

- Under the treaty, the **British retained Salsette and Elephanta islands** (near Bombay).
- These were **not ceded to the Marathas**; instead, they remained permanently with the British.
-  **This statement is incorrect.**

Explanation:

Q. 44	Mahatma Gandhi Marine National Park is located in which Indian State/UT? a) Lakshadweep  b) Maharashtra  c) Andaman and Nicobar  d) Kerala 
Explanation:	The Mahatma Gandhi Marine National Park is located in the Andaman and Nicobar Islands (Union Territory). Explanation: - Established in 1983, the park is situated in the Wandoor region of South Andaman. - It comprises 15 islands and surrounding coral reefs. - Famous for its marine biodiversity: coral reefs, mangroves, turtles, dolphins, and exotic fish species. - It is a major site for eco-tourism and conservation in India.

Q. 45

Consider the following statements regarding State Legislative Councils (Vidhan Parishad):

Statement 1: Parliament can create or abolish a Legislative Council of a state if the Legislative Assembly of that state passes a resolution to that effect by a simple majority.

Statement 2: Like the Rajya Sabha, a State Legislative Council is a permanent body not subject to dissolution, with one-third of its members retiring every two years.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Statement 2 only

Explanation:

Statement 1

- **Creation or abolition** of a State Legislative Council is governed by **Article 169 of the Indian Constitution**.
- Parliament can create or abolish a Legislative Council **if the Legislative Assembly of the concerned state passes a resolution by a *special majority*** (i.e., majority of the total membership of the Assembly and two-thirds of members present and voting).
- The statement incorrectly mentions **simple majority**.
- Hence, **Statement 1 is incorrect**.

Statement 2

- Like the **Rajya Sabha**, a State Legislative Council is a **permanent body** and is **not subject to dissolution**.
- One-third of its members **retire every two years**, ensuring continuity.
- This statement is **correct**.

Explanation:

Q. 46	Who is a renowned exponent of the Chhau dance from Purulia? a) Maniram Dutta  b) Teejan Bai  c) Gambhir Mura  d) Swaran Jhanji 
Explanation:	The renowned exponent of Purulia Chhau dance is Gambhir Mura. Explanation: • Purulia Chhau is a masked martial dance tradition from West Bengal (Purulia district). • Gambhir Mura is celebrated as one of its greatest exponents, known for his mastery of vigorous movements and expressive storytelling through masks. • He played a pivotal role in popularizing Purulia Chhau both in India and abroad. Other Options: Maniram Dutta – Associated with folk traditions, not Purulia Chhau. Teejan Bai – Famous for Pandavani (folk singing from Chhattisgarh). Swaran Jhanji – Not associated with Chhau.

Q. 47

Consider the following statements regarding Electromagnetic Waves:

Statement 1: Radio waves have the longest wavelength and lowest amplitude within the electromagnetic spectrum.

Statement 2: Gamma rays carry the highest energy and frequency among all categories of electromagnetic radiation.

Which of the statements given above is/are correct?

a) Statement 1 only 

b) Statement 2 only 

c) Both 1 and 2 are correct 

d) Neither 1 nor 2 is correct 

Explanation:

Correct Answer: Statement 2 only

Statement 1

- **Radio waves** indeed have the **longest wavelength** in the electromagnetic spectrum.
- However, the statement incorrectly mentions "lowest amplitude."
- Amplitude is not a defining characteristic across the spectrum; what matters is **wavelength and frequency**.
- Correct phrasing: Radio waves have the **longest wavelength and lowest frequency/energy**.
- Hence, **Statement 1 is incorrect**.

Statement 2

- **Gamma rays** have the **shortest wavelength, highest frequency, and highest energy** among all electromagnetic radiations.
- This statement is **correct**.

Q. 48

Consider the following statements regarding Balance of Payments (BoP) accounting:

- Statement 1: The Current Account records exports and imports of goods and services, alongside primary income and unilateral transfer payments.
- Statement 2: Foreign Direct Investment (FDI) and Foreign Portfolio Investment (FPI) are components recorded under the Capital Account.

Which of the statements given above is/are correct?

- a) Statement 1 only 
- b) Statement 2 only 
- c) Both 1 and 2 are correct 
- d) Neither 1 nor 2 is correct 

Correct Answer: Both 1 and 2 are correct

Explanation:

Statement 1

- The **Current Account** records:
 - Exports and imports of goods.
 - Exports and imports of services.
 - **Primary income** (investment income, wages, compensation of employees).
 - **Unilateral transfers** (remittances, gifts, grants).

Explanation:

- This matches the statement exactly.
- **Statement 1 is correct.**

Statement 2

- The **Capital Account** records transactions that change assets or liabilities across borders.
- **Foreign Direct Investment (FDI)** and **Foreign Portfolio Investment (FPI)** are indeed part of the **Capital Account**.
- **Statement 2 is correct.**

Q. 49	Consider the following statements regarding Wood's Despatch of 1854: - Statement 1: It recommended the establishment of universities at Calcutta, Bombay, and Madras modelled on London University. - Statement 2: It explicitly rejected female education and mandated instruction exclusively in the English language at the primary level. Which of the statements given above is/are correct? a) Statement 1 only  b) Statement 2 only  c) Both 1 and 2 are correct  d) Neither 1 nor 2 is correct 
Explanation:	Correct Answer: Statement 1 only Statement 1 - The Wood's Despatch (1854), often called the <i>Magna Carta of English Education in India</i>, recommended the establishment of universities at Calcutta, Bombay, and Madras. - These were to be modelled on the London University system. - Hence, Statement 1 is correct. Statement 2 - The Despatch did not reject female education. In fact, it encouraged female education and recommended government support for it. - It also suggested that vernacular languages should be used at the primary level, while English should be promoted at higher levels of education. - Therefore, the claim that it mandated "instruction exclusively in English at the primary level" is incorrect. - Hence, Statement 2 is incorrect.

Q. 50

Which IPS officer was appointed as the next Director of the Intelligence Bureau (IB), India's premier internal intelligence agency, in June 2026?

a) Ravi Kumar Gupta

b) Mahesh Dixit

c) Ashok Kumar Das

d) Anurag Kumar

The correct answer is *Mahesh Dixit*, a 1993-batch IPS officer of the Andhra Pradesh cadre, who was appointed as the next Director of the Intelligence Bureau (IB) in June 2026, succeeding Tapan Kumar Deka.

Explanation:

Appointment Details

- **Appointee:** Mahesh Dixit (IPS, Andhra Pradesh cadre, 1993 batch).
- **Date of Appointment:** June 25, 2026.
- **Tenure:** Two years (from assumption of charge or until further orders).
- **Predecessor:** Tapan Kumar Deka (1988 batch, Himachal Pradesh cadre), who served as IB Director since July 2022 with two extensions.
- **Background:**
 - Served as **Special Director in IB** before elevation.
 - Headed the **Subsidiary Intelligence Bureau (SIB) in Jammu & Kashmir**, playing a key role post-abrogation of Article 370.
 - Extensive experience in **counter-terrorism, internal security, and intelligence operations**.

Explanation:

Q. 51

If the selling price of an article is 17% more than the cost price and the discount offered is 9% on the marked price of the article, then cost price is how much percent less than the marked price of article?

a) 23.1% b) 22.22% c) 25% d) 18.18% **Explanation:**

$$CP = 100$$

$$CP \rightarrow 17\% \text{ more} \rightarrow SP, 100 \rightarrow \times 117\% \rightarrow SP = 117$$

9% discount on MP means, $SP = 91\%$ of MP

$$117 = 91\% \text{ of MP, } MP = 117 \times \frac{100}{91}, MP = \frac{900}{7}$$

$$\text{Required \%} = \frac{MP - CP}{MP} \times 100$$

$$= \frac{\frac{900}{7} - 100}{\frac{900}{7}} \times 100, = \frac{\frac{200}{7}}{\frac{900}{7}} \times 100, = \frac{200}{900} \times 100, = 22.22\%$$

Q. 52

If $(3^{-22} + 3^{-19} + 3^{-17} + 3^{-16}) = k(3^{-24})$, then find the value of k.

- a) 7000 
- b) 3000 
- c) 300 
- d) 9000 

Explanation:

$$3^{-22} + 3^{-19} + 3^{-17} + 3^{-16} = k(3^{-24})$$

Taking 3^{-24} common,

$$3^{-24}(3^2 + 3^5 + 3^7 + 3^8) = k(3^{-24})$$

Cancel 3^{-24} ,

$$k = 3^2 + 3^5 + 3^7 + 3^8$$

$$= 9 + 243 + 2187 + 6561$$

$$= 9000$$

Answer: D) 9000 

Q. 53

The price of an article increases and decreases alternately by 25% every year. If the difference between the prices at the end of the second year and third year is ₹2,500, find 40% of the price (in ₹) of the article at the end of the first year.

- a) ₹5333 ✓
 b) ₹4,000 ✗
 c) ₹3,500 ✗
 d) ₹4,500 ✗

Explanation:

$$P_3 - P_2 = 25\% \cdot P_2 = \frac{P_2}{4} = 2500$$

$$P_2 = 2500 \times 4 = 10000$$

$$P_1 \times \frac{3}{4} = 10000 = [P_2]$$

$$P_1 \times 40\% = 10000 \times \frac{4}{3} \times 40\%$$

$$\Rightarrow \frac{16000}{3} = 5333.33$$

Q. 54

The value of $66 - 2 \times [10 + 2 \times \{18 - 2(7 - 4) \times 3\} \div 50]$ is:a) 46 b) 42 c) 54 d) 41 

Explanation:

$$= 66 - 2 \times [10 + 2 \times \{18 - 2(3) \times 3\} \div 50]$$

$$= 66 - 2 \times [10 + 2 \times \{18 - 18\} \div 50]$$

$$= 66 - 2 \times [10 + 0]$$

$$= 66 - 20$$

$$= 46$$

Answer: A) 46 

Q. 55

Find the ratio in which rice at ₹8.30 per kg be mixed with rice at ₹5.30 per kg to produce a mixture worth ₹6.30 per kg.

a) 2 : 1 b) 1 : 2 c) 1 : 3 d) 2 : 3 

Explanation:

₹8.30	₹5.30
-------	-------

\	/
---	---

₹6.30

/	\
---	---

$$(6.30 - 5.30) : (8.30 - 6.30)$$

1	:	2
---	---	---

Q. 56

A company hires a certain number of temporary workers for a project. If each worker is paid ₹500 per day, the total daily wage bill exceeds the company's budget by ₹4,000. If instead each worker is paid ₹450 per day, the total daily wage bill falls short of the budget by ₹2,000. Find the number of workers hired.

- a) 120 
- b) 160 
- c) 200 
- d) 280 

Explanation:

$$\text{Difference in wages per worker} = 500 - 450 = ₹50$$

$$\text{Total difference in bill} = 4000 + 2000 = ₹6000$$

$$\text{Number of workers} = \frac{6000}{50}, = 120$$

Answer: A) 120

Q. 57

If $\frac{a}{b} + \frac{b}{a} = \frac{2}{3}$, then the value of $(a^3 + b^3)$ is:

- a) $(a^2 - b^2)^{\frac{2}{3}}$ 
- b) $(a^2 + b^2)^{\frac{2}{3}}$ 
- c) $(a^2 - b^2)^{\frac{3}{2}}$ 
- d) $(a^2 + b^2)^{\frac{3}{2}}$ 

Explanation:

$$\begin{aligned} \frac{a}{b} + \frac{b}{a} &= \frac{2}{3} \\ \frac{(a^2 + b^2)}{ab} &= \frac{2}{3} \\ 3(a^2 + b^2) &= 2ab \end{aligned}$$

$$\begin{aligned} \text{Multiplying both sides by } a^2b^2, \\ 3a^2b^2(a^2 + b^2) &= 2a^3b^3 \text{ — (1)} \end{aligned}$$

$$\begin{aligned} \text{Now,} \\ (a^3 + b^3)^2 &= a^6 + b^6 + 2a^3b^3 \\ &= a^6 + b^6 + 3a^2b^2(a^2 + b^2) \text{ [From (1)]} \\ &= (a^2 + b^2)^3 \\ \therefore (a^3 + b^3) &= (a^2 + b^2)^{\frac{3}{2}} \end{aligned}$$

Q. 58

Workers P and Q can complete a task in 18 days if working together. P alone takes 30 days. If P and Q start the task together, but Q leaves after 6 days, how many more days will P alone take to finish the remaining work?

- a) 10 days 
- b) 15 days 
- c) 20 days 
- d) 25 days 

Explanation:

LCM(18, 30) = 90, Total work = 90 units

$P + Q = \frac{90}{18} = 5$ units/day, $P = \frac{90}{30} = 3$ units/day

Work done in 6 days by (p+q) = $5 \times 6 = 30$ units

Remaining work = $90 - 30 = 60$ units

Time by P = $\frac{60}{3} = 20$ days

Answer: 20 days

Q. 59

A school drum beats every 15 minutes, and the school bell rings every 20 minutes. If both sounded together at 8:00 AM, how many times will they sound together again before 10:00 AM?

- a) 2 
- b) 1 
- c) 3 
- d) 0 

Explanation:

Drum = 15 min

Bell = 20 min

$\text{LCM}(15, 20) = 60 \text{ minutes}$

They will sound together after every **60 minutes**.

From 8:00 AM to 10:00 AM = 120 minutes

Common timings:

8:00 → 9:00 → 10:00

Before 10:00 AM:

= 9:00 AM only

Q. 60

A sold an article to B at 20% profit and B further sold it to C by earning a certain profit. If the cost price of C is 32% more than the cost price of A, then find the profit percentage earned by B.

a) 8% b) 10% c) 12% d) 15% **Explanation:**

Let CP of A = 100

A sells to B at 20% profit,

100 → **20% more** → B's CP = 120

CP of C = 32% more than A's CP,

100 → **32% more** → B's SP = 132

Profit % of B = $\frac{SP - CP}{CP} \times 100$

$$= \frac{132 - 120}{120} \times 100, = \frac{12}{120} \times 100, = 10\%$$

Q. 61

In 600 m race, A defeats B by 60 m. In 500 m race, B defeats C by 50 m. In 400 m race, A will defeat C by how many metres?

- a) 84m 
b) 76m 
c) 72m 
d) 68m 

Explanation:

A defeats B by 60 m in 600 m race:

$$A : B = 600 : 540 = 10 : 9$$

B defeats C by 50 m in 500 m race:

$$B : C = 500 : 450 = 10 : 9$$

So,

$$A : B : C = 100 : 90 : 81$$

In 400 m race,

$$C \text{ runs} = 400 \times 81/100$$

$$= 324 \text{ m}$$

$$A \text{ defeats C by} = 400 - 324$$

$$= 76 \text{ m}$$

Answer: 76 m 

Q. 62

Pipe A can fill a cistern in 12 hours, pipe B in 18 hours, and pipe C can empty it in 36 hours. All three pipes are opened together. After 4 hours, pipe A is closed, but B and C continue working. How much total time will it take to completely fill the cistern?

- a) 16 hours 
- b) 18 hours 
- c) 20 hours 
- d) 24 hours 

Explanation:

LCM of 12, 18, 36 = 36, Total work = 36 units

$A = \frac{36}{12} = 3$ units/hr, $B = \frac{36}{18} = 2$ units/hr,

$C = \frac{36}{36} = 1$ unit/hr (empty)

$(A + B - C) = 3 + 2 - 1 = 4$ units/hr ,

First 4 hours work:

$= 4 \times 4 = 16$ units

Remaining work: $= 36 - 16 = 20$ units

Now A is closed, $B - C = 2 - 1 = 1$ unit/hr

Time required: $= \frac{20}{1} = 20$ hours

Total time: $= 4 + 20 = 24$ hours

Answer: D) 24 hours 

Q. 63

The numerator of a fraction is 8 less than the denominator. If the denominator is increased by 5 and the numerator is increased by 3, we get the fraction $\frac{3}{4}$. Find the original fraction.

a) $\frac{3}{5}$ 

b) $\frac{19}{23}$ 

c) $\frac{27}{35}$ 

d) $\frac{11}{14}$ 

Let numerator = x

Denominator = x + 8

After increase,

$$\frac{x + 3}{x + 8 + 5} = \frac{3}{4}$$

Explanation:

$$\frac{x + 3}{x + 13} = \frac{3}{4}$$

$$4(x + 3) = 3(x + 13), 4x + 12 = 3x + 39, x = 27$$

$$\text{Numerator} = 27, \text{Denominator} = 27 + 8 = 35$$

$$\text{Original fraction} = \frac{27}{35}$$

Answer: C) 27/35 

Q. 64

If $p - q : q - r : r - s = 3 : 4 : 7$, then what is the value of $(p + s) : r$?

- a) $2 : 1$ ✓
- b) $1 : 2$ ✗
- c) $3 : 1$ ✗
- d) $1 : 3$ ✗

Explanation:

Given,

$$p - q : q - r : r - s = 3 : 4 : 7$$

Notice,

$$(p - q) + (q - r) = p - r$$

$$= 3 + 4 = 7x \text{ and } r - s = 7x$$

$$\text{So, } p - r = r - s, \Rightarrow p + s = 2r$$

$$\text{Therefore, } (p + s) : r = 2r : r = 2 : 1$$

Answer: A) $2 : 1$

Q. 65

The diameter of a solid sphere is 3 cm. It is melted and drawn into a wire of diameter 8 mm. The length of the wire is:

- a) $25 \frac{1}{4}$ cm 
- b) $26 \frac{3}{8}$ cm 
- c) $28 \frac{1}{8}$ cm 
- d) $32 \frac{1}{4}$ cm 

$$\text{Sphere radius} = \frac{3}{2} \text{ cm}$$

$$\text{Wire radius} = \frac{8}{20} = \frac{2}{5} \text{ cm}$$

Volume of sphere = Volume of wire

$$\frac{4}{3} \times \pi \times \left(\frac{3}{2}\right)^3 = \pi \times \left(\frac{2}{5}\right)^2 \times L$$

Explanation:

$$\frac{4}{3} \times \frac{27}{8} = \frac{4}{25} \times L$$

$$\frac{9}{2} = \frac{4L}{25}$$

$$L = \frac{225}{8} = 28 \frac{1}{8} \text{ cm}$$

$$\text{Ans: C) } 28 \frac{1}{8} \text{ cm}$$

Q. 66

If $x^2 - 2\sqrt{10}x + 1 = 0$ and $0 < x < 1$, find the value of $\frac{1}{x} - x$.

a) $2\sqrt{5}$ 

b) -6 

c) 6 

d) $-2\sqrt{5}$ 

Explanation:

$$x^2 - 2\sqrt{10}x + 1 = 0$$

$$\text{Divide by } x: x - 2\sqrt{10} + \frac{1}{x} = 0$$

$$\text{So, } x + \frac{1}{x} = 2\sqrt{10}$$

$$\text{Now, } \left(\frac{1}{x} - x\right)^2 = \left(\frac{1}{x} + x\right)^2 - 4$$

$$= (2\sqrt{10})^2 - 4, = 40 - 4, = 36,$$

$$\text{Therefore, } \frac{1}{x} - x = \pm 6$$

$$\text{Given, } 0 < x < 1, \Rightarrow \frac{1}{x} > x$$

$$\text{So, } \frac{1}{x} - x \text{ is positive} = 6$$

Answer: C) 6 

Q. 67

The average of 19 consecutive natural numbers is 41. What is the smallest number among these numbers?

- a) 30 
- b) 32 
- c) 31 
- d) 33 

For odd number of consecutive numbers,

Average = Middle number

Middle number = 41

Total numbers = 19

Explanation:

Numbers before middle = $\frac{19-1}{2} = 9$

Smallest number:

= 41 - 9

= 32

Answer: B) 32 

Q. 68

Excluding stoppages, the speed of a bus is 54 kmph and including stoppages, it is 45 kmph. For how many minutes does the bus stop per hour?

a) 9 minutes

b) 10 minutes

c) 12 minutes

d) 20 minutes

**Explanation:**

Total time = 60 min

Running time : Total time

= 45 : 54

= 5 : 6

Stopping time = $60 \times (1/6)$

= 10 minutes

Answer: B) 10 minutes

Q. 69

A and B entered into a partnership with investments in the ratio 3:5. After a few months, A withdrew and collected back his money. At the end of the year, they received profit in the ratio 2:5. After how many months did A withdraw?

a) 8

b) 6

c) 7

d) 5

**Explanation:** $\text{Profit} \propto \text{Investment} \times \text{Time}$ $A : B = 2 : 5$

Initial investment ratio:

 $A : B = 3 : 5$

For B,

$$5 \times 12 = 60$$

For A,

$$3 \times x = \quad \times 60$$

$$3x = 24$$

$$x = 8 \text{ months}$$

A invested for 8 months.

Answer: A) 8 months

Q. 70

The income of Raman is ₹75400. He saves 23% of his income. If his income increases by 27% and expenditure increases by 50%, then his savings will:

a) Decrease by ₹8671 

b) Increase by ₹8670 

c) Increase by ₹8667 

d) Decrease by ₹8666 

Income = ₹75400 , Savings = 23%, Expenditure = 77%

Income:

75400 $\rightarrow$ 27% increase $\rightarrow \times \frac{127}{100}$, New Income = 95758

Expenditure:

$75400 \times \frac{77}{100} = 58058$, $58058 \rightarrow$ 50% increase $\rightarrow \times \frac{150}{100}$

Explanation:

New Expenditure = 87087

New Saving: = 95758 - 87087, = 8671

Old Saving: = $75400 \times \frac{23}{100}$, = 17342

Change in Saving: = 17342 - 8671

= 8671 decrease

Answer: A) Decrease by ₹8671 

Q. 71

If x varies indirectly to y^2 and if $x = 78$, $y = 11$, then find the value of x when $y = 2.2$.

- a) 1950 
- b) 1995 
- c) 1880 
- d) 1725 

Explanation:

$$x \propto \frac{1}{y^2}, x y^2 = \text{constant}$$

So,

$$x_1 y_1^2 = x_2 y_2^2$$

$$78 \times 11^2 = x \times 2.2^2$$

$$78 \times 121 = x \times 4.84$$

$$x = \frac{78 \times 121}{4.84}, x = 78 \times \left(\frac{11}{2.2}\right)^2, x = 78 \times 5^2, x = 78 \times 25$$

$$x = 1950$$

Answer: A) 1950 

Q. 72

If $\triangle BPQ \cong \triangle ASR$ and $\angle A = \frac{1}{3} \angle R = \angle S$, then find $\angle Q$. (All angles are in degrees.)

a) 36° b) 108° c) 72° d) 118° **Explanation:**

$$\triangle BPQ \cong \triangle ASR$$

$$\Rightarrow \angle B = \angle A, \angle P = \angle S, \angle Q = \angle R$$

$$\text{Let } \angle A = \angle S = x$$

$$\text{Given, } \angle R = 3x$$

$$\text{So, } \angle Q = \angle R = 3x$$

$$\text{In } \triangle ASR: x + x + 3x = 180^\circ$$

$$5x = 180^\circ, x = 36^\circ, \angle Q = 3 \times 36^\circ = 108^\circ$$

Answer: B) 108° 

Q. 73

To earn ₹15,000 as simple interest in 5 months at 12% per annum, what should be the invested amount?

a) ₹2,00,000

b) ₹3,50,000

c) ₹3,00,000

d) ₹2,50,000

**Explanation:**

$$SI = \frac{P \times R \times T}{100}$$

$$15000 = P \times 12 \times \frac{5}{12 \times 100}$$

$$15000 = P \times \frac{1}{20}$$

$$P = 15000 \times 20$$

$$P = ₹3,00,000$$

Answer: C) ₹3,00,000

Q. 74

If $\sin A = \frac{5}{7}$, find the value of $\frac{5 \operatorname{cosec} A - 7 \sin A}{2\sqrt{6}\sec A + 7 \cos^2 A}$

a) $9/23$ 

b) $14/73$ 

c) $3/19$ 

d) $11/46$ 

$$\sin A =$$

$$\cos A = \sqrt{1 - \sin^2 A}$$

$$= \sqrt{1 - \frac{25}{49}}, = \sqrt{\left(\frac{24}{49}\right)}, = \frac{\sqrt{6}}{7}$$

Explanation:

$$\operatorname{cosec} A = \sec A = \frac{7}{2\sqrt{6}}$$

$$\frac{5 \operatorname{cosec} A - 7 \sin A}{2\sqrt{6}\sec A + 7 \cos^2 A} = \frac{5 \times \frac{7}{2\sqrt{6}} - 7 \times \frac{5}{7}}{2\sqrt{6} \times \frac{7}{2\sqrt{6}} + 7 \times \frac{24}{49}}, = \frac{7 - 5}{7 + \frac{24}{7}}, = \frac{2}{\frac{73}{7}}, = \frac{14}{73}$$

Answer: B) $\frac{14}{73}$

Q. 75

Govind invested some money in a bank at 4% per annum rate of interest. What would be the corresponding simple interest (in ₹) if after 2 years, Govind got ₹280.5 as compound interest, considering annual compounding?

- a) 275 
- b) 290 
- c) 270 
- d) 285 

Explanation:

Rate = 4% , For 2 years, $4\% = \frac{1}{25}$

Amount ratio: P → 1st year → 2nd year

$$25^2 : 26^2, = 625 : 676$$

So,

$$P : A = 625 : 676$$

$$CI = 676 - 625 = 51 \text{ parts}$$

Given,

$$51 \text{ parts} = ₹280.5$$

$$1 \text{ part} = \frac{280.5}{51} = ₹5.5$$

$$\text{Principal} = 625 \times 5.5 = ₹3437.5$$

Now,

$$\text{SI for 2 years} = 3437.5 \times \left(\frac{1}{25}\right) \times 2$$

$$= 3437.5 \times \frac{2}{25}$$

$$= ₹275$$

Answer: A) 275 

Q. 76

Find the part of the sentence that contains a grammatical error.

The committee recommended that every applicant who had been shortlisted for the position submits the required documents before the deadline specified in the official notification.

- a) The committee recommended that every applicant 
- b) who had been shortlisted for the position 
- c) specified in the official notification. 
- d) submits the required documents before the deadline 

Correct Answer: submits the required documents before the deadline

Explanation:

1. **Sentence Given**

o The committee recommended that every applicant who had been shortlisted for the position **submits** the required documents before the deadline specified in the official notification.

2. **Rule of the Subjunctive Mood**

o After verbs such as **recommend, suggest, demand, insist** and **propose**, the verb in the **that-clause** is used in its base form.

o Therefore, "**submits**" should be replaced with "**submit**."

o Even though "**every applicant**" is singular, the verb does not take **-s** in the subjunctive structure.

3. **Correct Sentence**

o The committee recommended that every applicant who had been shortlisted for the position **submit** the required documents before the deadline specified in the official notification.

Therefore, **option 4 is correct.**

Explanation:

Q. 77

Select the correct indirect form of the given sentence.

"You were warned by us three days ago," the manager shouted at him.

- a) The manager shouted at him that he was warned by them three days ago. 
- b) The manager shouted at him that he had been warned by them three days before. 
- c) The manager shouted at him that he was warned by them three days earlier. 
- d) The manager shouted at him that he was warned by them three days before. 

Correct Answer: The manager shouted at him that he had been warned by them three days before.

Explanation:

1. **Direct Speech Given**
 - o "You were warned by us three days ago," the manager shouted at him.
2. **Rule of Conversion to Indirect Speech**
 - o The reporting verb "**shouted at**" remains unchanged because it already expresses the manner of speaking.
 - o The pronoun "**you**" changes to "**he**" because it refers to the person addressed.
 - o The pronoun "**us**" changes to "**them**" because it refers to the manager and others.
 - o The simple past passive "**were warned**" changes to the past perfect passive "**had been warned**."
 - o The time expression "**three days ago**" changes to "**three days before**."
3. **Correct Indirect Sentence**
 - o The manager shouted at him that he **had been warned by them three days before**.

Therefore, **option 2** is correct.

Q. 78

Select the correct passive form of the given sentence.

The regulatory authorities should have scrutinised the company's financial disclosures more carefully before approving the merger.

The company's financial disclosures should be scrutinised more
a) carefully by the regulatory authorities before the merger was approved. 

b) The company's financial disclosures ought to have scrutinised more carefully by the regulatory authorities before approving the merger. 

The company's financial disclosures should have been scrutinised more
c) carefully by the regulatory authorities before the merger was approved. 

The company's financial disclosures should have been being
d) scrutinised more carefully by the regulatory authorities before approval of the merger. 

Correct Answer: The company's financial disclosures should have been scrutinised more carefully by the regulatory authorities before the merger was approved.

Explanation:

1. **Active Voice Given**

o The regulatory authorities **should have scrutinised** the company's financial disclosures more carefully before approving the merger.

2. **Rule of Conversion to Passive Voice**

o The object "**the company's financial disclosures**" becomes the subject of the passive sentence.

o With a perfect modal construction, the passive structure is: **should + have + been + past participle**

o Therefore, "**should have scrutinised**" changes to "**should have been scrutinised.**"

o The original subject "**the regulatory authorities**" is introduced with "**by.**"

o "**Before approving the merger**" changes to "**before the merger was approved**" to avoid ambiguity and maintain the passive construction.

3. **Why Other Options Are Incorrect**

o **Should be scrutinised** changes the perfect modal tense and does not express an action that should have happened in the past.

o **Ought to have scrutinised** remains active and lacks "**been.**"

o **Should have been being scrutinised** is an unnecessarily continuous construction and does not match the meaning of the original sentence.

Therefore, **option 3 is correct.**

Explanation:

Q. 79

Select the option that can be used as a one-word substitute for the given group of words.

The offence of deliberately giving false evidence after taking an oath.

a) Prevarication

b) Calumny

c) Defamation

d) Perjury

Correct Answer: Perjury

Explanation:

1. Group of Words Given

o The offence of deliberately giving false evidence after taking an oath.

2. Meaning of the Word

o Perjury is the criminal offence of knowingly making a false statement while under oath, especially in a court of law.

3. Why Other Options Are Incorrect

o Prevarication means avoiding the truth or speaking evasively.

o Calumny means making false and damaging statements about someone.

o Defamation means harming someone's reputation through false statements.

Therefore, option 4 is correct.

Explanation:

Q. 80

Select the phrase/idiom that will improve the underlined part of the given sentence.

Our defence minister has shown his silver will by introducing this scheme.

a) golden will

b) iron will

c) stony will

d) diamond will

Correct Answer: Iron will

Explanation:

1. **Sentence Given**

o Our defence minister has shown his **silver will** by introducing this scheme.

2. **Meaning of the Idiom**

o "**Iron will**" means extremely strong determination, firmness and resolve.

o The phrase "**silver will**" is not a standard English expression.

3. **Correct Sentence**

o Our defence minister has shown his **iron will** by introducing this scheme.

4. **Why Other Options Are Incorrect**

o **Golden will**, **stony will** and **diamond will** are not standard idiomatic expressions used to convey strong determination.

Therefore, **option 2 is correct.**

Explanation:

Q. 81

Select the most appropriate **ANTONYM** of the underlined word in the given sentence.

His was a stupendous performance in the competition.

- a) Soothing 
- b) Mnemonic 
- c) Herculean 
- d) Unimpressive 

Correct Answer: Unimpressive

Explanation:

1. **Word Given**
 - o Stupendous
2. **Meaning of the Word**
 - o **Stupendous** means extremely impressive, remarkable or magnificent.
3. **Antonym**
 - o **Unimpressive** means not striking, remarkable or worthy of admiration.
 - o Therefore, it is the opposite of **stupendous**.
4. **Why Other Options Are Incorrect**
 - o **Soothing** means calming or comforting.
 - o **Mnemonic** means something that helps in remembering information.
 - o **Herculean** means requiring great strength or effort and is similar in positive intensity, not opposite.

Therefore, **option 4 is correct.**

Explanation:

Q. 82

We packed our bags and _____ for the airport.

- a) set in 
- b) set aside 
- c) set off 
- d) set back 

Explanation:

A) **Set in** = to begin and seem likely to continueExample: The rainy season has **set in**.B) **Set aside** = to keep something for a particular purpose / saveExample: She **set aside** some money for travel.C) **Set off** = to begin a journeyExample: We **set off** for the airport. D) **Set back** = to delay or hinder progressExample: The accident **set back** the project by two weeks.

Ans: C) set off

Q. 83

Select the most appropriate word to fill in the blank.

The business operates _____ the same way as the other businesses did.

- a) much 
- b) very 
- c) such 
- d) had 

Correct Answer: Much

Explanation:

1. **Sentence Given**o The business operates **much the same way** as the other businesses did.2. **Rule of Usage**o The expression "**much the same way as**" means **in almost exactly the same manner as**.o **Much** correctly modifies the phrase "**the same way**."3. **Why Other Options Are Incorrect**o **Very the same way** is grammatically incorrect.o **Such the same way** is not a valid expression.o **Had the same way** does not fit grammatically or contextually.Therefore, **option 1** is correct.

Q. 84

Select the option that can replace the underlined phrase and make the sentence grammatically correct.

After flip through half dozen profiles with the same name, he chance upon Elina's profile, he succeed in zeroing in on her now recognisable face.

- a) flip through half dozen profile with the same name, he chance upon Elina's profile, he succeeded 
- b) flipping through half dozen profile with the same name, he chance upon Elina's profile, he succeeded 
- c) flipping through half dozen profiles with the same name, he chanced upon Elina's profile, he succeed 
- d) flipping through half a dozen profiles with the same name, he chanced upon Elina's profile, he succeeded 

Correct Answer: Flipping through half a dozen profiles with the same name, he chanced upon Elina's profile, he succeeded

Explanation:

1. **Sentence Given**
 - o After **flip through half dozen profiles** with the same name, he **chance upon** Elina's profile, he **succeed** in zeroing in on her now recognisable face.
2. **Required Corrections**
 - o After the preposition "**after**," the **-ing form** is required: **flip** → **flipping**.
 - o The correct expression is "**half a dozen**," not "**half dozen**."
 - o Since a dozen refers to multiple items, "**profile**" must be plural: **profiles**.
 - o The sentence describes a past event, so "**chance**" changes to "**chanced**."
 - o Similarly, "**succeed**" changes to the past-tense form "**succeeded**."
 - o "**Chance upon**" means to find or discover someone or something unexpectedly.
3. **Correct Sentence**
 - o After flipping through half a dozen profiles with the same name, he chanced upon Elina's profile and succeeded in zeroing in on her now recognisable face.

Therefore, **option 4** is correct.

Explanation:

Q. 85

Select the best alternative to replace the highlighted phrase.

The novels of the nineteenth century were often more preoccupied with social hierarchy than modern novelists.

- a) more preoccupied with social hierarchy than modern novelists were 
- b) much preoccupied with social hierarchy than those of modern novelists 
- c) more preoccupied with social hierarchy than that of modern novelists 
- d) more preoccupied with social hierarchy than were those of modern novelists 

Correct Answer: More preoccupied with social hierarchy than were those of modern novelists

Explanation:

1. **Sentence Given**
 - o The novels of the nineteenth century were often more preoccupied with social hierarchy than modern novelists.
2. **Rule of Logical Comparison**
 - o The comparison must be between similar things: **the novels of the nineteenth century** and **the novels of modern novelists**.
 - o The original sentence incorrectly compares **novels** with **modern novelists**.
 - o **"Those"** replaces the plural noun **"novels"** to avoid repetition.
 - o The inverted structure **"than were those"** is grammatically correct in a formal comparison.
3. **Correct Sentence**
 - o The novels of the nineteenth century were often more preoccupied with social hierarchy than were those of modern novelists.
4. **Why Other Options Are Incorrect**
 - o **Than modern novelists were** still compares novels with novelists.
 - o **Much preoccupied...than** is incorrect because the comparative form **"more preoccupied"** is required.
 - o **That of modern novelists** is incorrect because **"that"** is singular, whereas **"novels"** is plural.

Therefore, **option 4** is correct.

Q. 86

Select the incorrectly spelt word.

a) Maxim b) Profligate c) Lisentious d) Quandary 

Correct Answer: Lisentious

Explanation:

Explanation:

1. **Word Given**
 - o Lisentious
2. **Correct Spelling**
 - o The correct spelling is **Licentious**.
 - o **Licentious** means immoral, uncontrolled, or lacking moral discipline.
3. **Why "Lisentious" Is Incorrect**
 - o The word is incorrectly written with "s" after "Li".
 - o The correct spelling uses "c": **Licentious**.
4. **Why Other Options Are Correctly Spelt**
 - o **Maxim** means a short statement expressing a general truth or rule.
 - o **Profligate** means wasteful, extravagant, or morally irresponsible.
 - o **Quandary** means a state of uncertainty or confusion about what to do.

Therefore, option C is correct.

Q. 87

'You can talk as much as you like.'

The sentence is an example of:

a) Adjective Clause b) Verb Clause c) Adverb Clause d) Noun Clause **Correct Answer: Adverb Clause****Explanation:**

1. Sentence Given
 - o You can talk as much as you like.
2. Clause Given
 - o As much as you like
3. Why It Is an Adverb Clause
 - o The clause modifies the verb "talk."
 - o It tells us to what extent or how much the person can talk.
 - o A clause that modifies a verb and expresses manner, degree, time, place, reason, or condition is called an adverb clause.
4. Why Other Options Are Incorrect
 - o An adjective clause modifies a noun or pronoun.
 - o Verb clause is not the appropriate grammatical category here.
 - o A noun clause functions **as a noun in a sentence.**

Therefore, option 3 is correct

Q. 88

Arrange the sentences in the most logical order to form a coherent paragraph.

- a. Freedom of thought and expression are fundamental human rights.
- b. There are two important human rights.
- c. Through good deeds, one can gain dignity.
- d. Everyone has the inherent right to be treated with dignity and courtesy at all times.

a) dcba b) acdb c) bcad d) bcda 

Explanation:

The correct order is **bcda**.

Breakdown:

- **b. "There are two important human rights."**
 - Introduces the general subject of human rights and sets up a specific count (two).
- **c. "Through good deeds, one can gain dignity."**
 - Connects directly to the idea of gaining dignity, bridging into the first major right/concept regarding personal dignity.
- **d. "Everyone has the inherent right to be treated with dignity and courtesy at all times."**
 - Elaborates on dignity as an inherent right (completing one key aspect).
- **a. "Freedom of thought and expression are fundamental human rights."**
 - Mentions the second set of fundamental rights (thought and expression) to complete the idea introduced in statement b.

Correct Answer: bcda

Q. 89

Select the most appropriate **ANTONYM** of the given word.

Perspicacious

- a) Astute 
- b) Dull-witted 
- c) Discerning 
- d) Sagacious 

Correct Answer: Dull-witted

Explanation**Explanation:**

- The word "**Perspicacious**" means having a ready insight into and understanding of things; mentally sharp or insightful (तीक्ष्ण बुद्धि / सूक्ष्मदर्शी).
- Its antonym **Dull-witted** (मंदबुद्धि / बेवकूफ़) refers to someone who is slow to understand, think, or perceive things.
- Other options:
 - Astute** (चतुर / चालाक) – having or showing an ability to accurately assess situations or people (Synonym).
 - Discerning** (विवेकशील / सूक्ष्मदर्शी) – having or showing good judgment (Synonym).
 - Sagacious** (बुद्धिमान / दूरदर्शी) – having or showing keen mental discernment and good judgment (Synonym).

Q. 90	Arrange the sentences in the most logical order to form a coherent paragraph. P: Consequently, these early machines were confined to dedicated, temperature-controlled laboratory basements. Q: In the early mid-twentieth century, computing power relied heavily on bulky, fragile vacuum tubes. R: The invention of the silicon transistor radically altered this trajectory, packing millions of switches into tiny microchips. S: These components generated tremendous heat and frequently burned out during basic processing operations a) QPRS  b) SQRP  c) QSPR  d) SRPQ 
Explanation:	Correct Answer: c) QSPR Explanation: • Q introduces the main topic and historical context (vacuum tubes). • S explains a specific drawback of "these components" (generating heat and burning out), directly elaborating on Q. • P gives the result (Consequently...) of that heat generation and fragility (requiring temperature-controlled basements). • R introduces the turning point/solution (the invention of the silicon transistor) that changed this trajectory.

Q. 91

Change the following from active to passive:

The team will be revising the algorithms during the workshop.

a) The algorithms were being revised during the workshop

b) The algorithms will be been revised during the workshop.

c) The algorithms will be revised during the workshop.

d) The algorithms will be being revised during the workshop.

**Explanation:**Active Voice is in **Future Continuous Tense**:Subject + will be + V₁-ing + Object

Passive structure:

Object + will be + being + V₃ + by + Subject

Therefore:

The algorithms will be being revised during the workshop.

Ans: (d) The algorithms will be being revised during the workshop.

Q. 92

The artist's latest sculptures resemble _____ classical Greek aesthetics.

a) with

b) about

c) to

d) No preposition required

**Explanation:****Resemble** is a transitive verb, so it takes a direct object without any preposition.Correct: **resemble classical Greek aesthetics**

Ans: (d) No preposition required

Q. 93

Complete the sentence:

"The _____ walked _____ foot in the park".

- a) bare; beer 
- b) bare; bear 
- c) bear; bare 
- d) bear; beer 

Correct Answer: bear; bare

Explanation:

1. **Sentence Given**
 - o The _____ walked _____ foot in the park.
2. **Correct Words**
 - o **Bear** means a large wild animal.
 - o **Bare** means uncovered or without clothing/protection.
3. **Correct Sentence**
 - o The **bear** walked **bare** foot in the park.
 - o Here, **bear** is the subject, while **bare** describes the uncovered foot.
4. **Why Other Options Are Incorrect**
 - o **Beer** is an alcoholic drink and does not fit the sentence.
 - o **Bare** cannot be used as the animal performing the action.
 - o **Bear; beer** gives an incorrect meaning in the second blank.

Therefore, option C is correct.

Q. 94	Find the part of the sentence that contains a grammatical error. The research team was more interested in analyzing the primary survey data than to rely on outdated census reports from the previous decade. a) The research team was more interested in ✗ b) analyzing the primary survey data than to rely ✓ c) on outdated census reports from ✗ d) the previous decade. ✗
Explanation:	Correct Answer: B) analyzing the primary survey data than to rely Explanation: • The sentence violates the rule of parallel structure. • The first part of the comparison uses a gerund phrase ("analyzing the primary survey data"), so the comparative element following "than" must also use a gerund phrase to remain parallel ("relying on outdated census reports"). • Corrected Sentence: "The research team was more interested in analyzing the primary survey data than relying on outdated census reports from the previous decade."

Q. 95

Select the most appropriate word to fill in the blank.

Our environment is facing a severe crisis like never before. Any recklessness in this regard could prove _____ to life on Earth.

a) harmless ✗

b) bland ✗

c) innocuous ✗

d) fatal ✓

Explanation:

Correct Answer: Fatal Explanation

- The sentence context highlights a "severe crisis," meaning any recklessness or carelessness regarding the environment could lead to deadly or catastrophic consequences for life on Earth. Therefore, **Fatal** (घातक / जानलेवा) is the most appropriate word to complete the sentence.
- Other options:
 - Harmless** (हानिरहित) – not able or likely to cause harm; opposite of the required context.
 - Bland** (बेस्वाद / नीरस) – lacking strong features or characteristics and therefore uninteresting.
 - Innocuous** (अहानिकर / जो नुकसान न पहुँचाए) – not harmful or offensive.

Q. 96

Read the following passage carefully and answer the given questions:

The recent protest organised by the Cockroach Janta Party (CJP) at Jantar Mantar in New Delhi drew attention to the growing frustration among students and competitive-examination aspirants over alleged examination paper leaks and irregularities in the recruitment system. Demonstrators demanded greater accountability from the authorities and called for the resignation of Union Education Minister Dharmendra Pradhan. Students from different educational institutions and examination-preparation centres participated in the gathering, arguing that repeated irregularities had damaged their confidence in the fairness of public examinations. For many protesters, the issue was not limited to the cancellation or postponement of a single examination; it concerned the enormous amount of time, money and effort invested by candidates whose futures depend upon a transparent selection process.

Jantar Mantar, traditionally associated with public demonstrations in the national capital, became the central site of the movement. Protesters used speeches, placards and symbolic activities to express their demands, while volunteers attempted to maintain discipline among the large crowd. The agitation also attracted support from activists and citizens who viewed examination integrity as a matter of public interest. As the protesters prepared for a march towards Parliament, security was tightened across parts of central Delhi. Barricades were erected, additional police personnel were deployed, and access to certain areas was restricted. Tension increased when sections of the crowd attempted to move beyond the permitted protest zone, leading to confrontations between demonstrators and the police.

The protest highlighted the difficult balance between citizens' democratic right to express dissent and the administration's responsibility to maintain public order. Supporters of the movement argued that peaceful protests are necessary when formal complaints fail to produce satisfactory action. At the same time, authorities maintained that demonstrations must follow legal restrictions and should not disturb security arrangements in sensitive areas. Beyond the immediate political demands, the agitation raised broader questions about the reliability of examination systems, the protection of students' interests and the need for timely investigations into alleged malpractice. Whether or not every demand of the protesters is accepted, the movement demonstrates that public confidence cannot be maintained merely through assurances; it requires transparent procedures, clear communication and visible accountability from institutions.

Q- What is the central theme of the passage?

- a) The history and political ideology of the Cockroach Janta Party in New Delhi 
- b) The police administration's strategies for managing large public demonstrations 
- c) Youth discontent over examination leaks and the balance between democratic dissent and public order 
- d) The role of volunteer organizations in controlling peaceful crowds at Jantar Mantar 

Explanation:

- **Correct Answer: C) Youth discontent over examination leaks and the balance between democratic dissent and public order**
- **Why C is correct:** The passage opens by outlining student and aspirant frustration regarding exam paper leaks and systemic flaws (Paragraph 1). It then shifts to how this culminated in protests at Jantar Mantar and police measures (Paragraph 2). Finally, Paragraph 3 synthesizes these events into a discussion on the delicate balance between the right to express dissent and administrative responsibility. Option C captures both the specific cause (youth discontent over exam leaks) and the broader overarching subject (the balance of dissent and public order).

Q. 97

Read the following passage carefully and answer the given questions:

The recent protest organised by the Cockroach Janta Party (CJP) at Jantar Mantar in New Delhi drew attention to the growing frustration among students and competitive-examination aspirants over alleged examination paper leaks and irregularities in the recruitment system. Demonstrators demanded greater accountability from the authorities and called for the resignation of Union Education Minister Dharmendra Pradhan. Students from different educational institutions and examination-preparation centres participated in the gathering, arguing that repeated irregularities had damaged their confidence in the fairness of public examinations. For many protesters, the issue was not limited to the cancellation or postponement of a single examination; it concerned the enormous amount of time, money and effort invested by candidates whose futures depend upon a transparent selection process.

Jantar Mantar, traditionally associated with public demonstrations in the national capital, became the central site of the movement. Protesters used speeches, placards and symbolic activities to express their demands, while volunteers attempted to maintain discipline among the large crowd. The agitation also attracted support from activists and citizens who viewed examination integrity as a matter of public interest. The protest highlighted the difficult balance between citizens' democratic right to express dissent and the administration's responsibility to maintain public order. Supporters of the movement argued that peaceful protests are necessary when formal complaints fail to produce satisfactory action. At the same time, authorities maintained that demonstrations must follow legal restrictions and should not disturb security arrangements in sensitive areas. Beyond the immediate political demands, the agitation raised broader questions about the reliability of examination systems, the protection of students' interests and the need for timely investigations into alleged malpractice. Whether or not every demand of the protesters is accepted, the movement demonstrates that public confidence cannot be maintained merely through assurances; it requires transparent procedures, clear communication and visible accountability from institutions.

Q- Select the word from the options that is most nearly SYNONYMOUS with the word CONFRONTATIONS as used in the paragraph of the passage.

a) Alliances

b) Clashes

c) Discussions

d) Deliberations

Explanation:**Correct Answer: B) Clashes****Detailed Analysis:**

- **Meaning in Context:** Paragraph 2 states: "Tension increased when sections of the crowd attempted to move beyond the permitted protest zone, leading to **confrontations** between demonstrators and the police." Here, "confrontations" refers to direct physical or hostile standoffs/conflicts.
- **Why B is correct:** A **clash** is a violent or hostile disagreement/fight, making it a direct synonym of confrontation in this context.

Q. 98

Read the following passage carefully and answer the given questions:

The recent protest organised by the Cockroach Janta Party (CJP) at Jantar Mantar in New Delhi drew attention to the growing frustration among students and competitive-examination aspirants over alleged examination paper leaks and irregularities in the recruitment system. Demonstrators demanded greater accountability from the authorities and called for the resignation of Union Education Minister Dharmendra Pradhan. Students from different educational institutions and examination-preparation centres participated in the gathering, arguing that repeated irregularities had damaged their confidence in the fairness of public examinations. Q- Which of the following words from the passage is correctly spelled?

- a) Accountntability 
- b) Instittutions 
- c) Irregularities 
- d) Barricadeses 

Explanation:**Correct Answer: C) Irregularities**

- A is incorrect: Incorrectly spelled as Accounntability (has an extra 'n'). Correct spelling: Accountability.
- B is incorrect: Incorrectly spelled as Instittutions (has an extra 't'). Correct spelling: Institutions.
- D is incorrect: Incorrectly spelled as Barricadeses (has an extra 'es' suffix). Correct spelling: Barricades.

Q. 99

Read the following passage carefully and answer the given questions:

The recent protest organised by the Cockroach Janta Party (CJP) at Jantar Mantar in New Delhi drew attention to the growing frustration among students and competitive-examination aspirants over alleged examination paper leaks and irregularities in the recruitment system. Demonstrators demanded greater accountability from the authorities and called for the resignation of Union Education Minister Dharmendra Pradhan. Students from different educational institutions and examination-preparation centres participated in the gathering, arguing that repeated irregularities had damaged their confidence in the fairness of public examinations. For many protesters, the issue was not limited to the cancellation or postponement of a single examination; it concerned the enormous amount of time, money and effort invested by candidates whose futures depend upon a transparent selection process.

Jantar Mantar, traditionally associated with public demonstrations in the national capital, became the central site of the movement. Protesters used speeches, placards and symbolic activities to express their demands, while volunteers attempted to maintain discipline among the large crowd. The agitation also attracted support from activists and citizens who viewed examination integrity as a matter of public interest. As the protesters prepared for a march towards Parliament, security was tightened across parts of central Delhi. Barricades were erected, additional police personnel were deployed, and access to certain areas was restricted. Tension increased when sections of the crowd attempted to move beyond the permitted protest zone, leading to confrontations between demonstrators and the police.

The protest highlighted the difficult balance between citizens' democratic right to express dissent and the administration's responsibility to maintain public order. Supporters of the movement argued that peaceful protests are necessary when formal complaints fail to produce satisfactory action. At the same time, authorities maintained that demonstrations must follow legal restrictions and should not disturb security arrangements in sensitive areas. Beyond the immediate political demands, the agitation raised broader questions about the reliability of examination systems, the protection of students' interests and the need for timely investigations into alleged malpractice. Whether or not every demand of the protesters is accepted, the movement demonstrates that public confidence cannot be maintained merely through assurances; it requires transparent procedures, clear communication and visible accountability from institutions.

Q- According to the third paragraph, what does the author state is necessary to maintain public confidence in institutions?

- a) Deploying additional police forces to maintain strict law and order
- b) Issuing frequent public verbal assurances during crisis situations
- c) Transparent procedures, clear communication, and visible accountability
- d) Immediately accepting every demand presented by peaceful protesters

Explanation:

Correct Answer: C) Transparent procedures, clear communication, and visible accountability

Detailed Analysis:

- **Why C is correct:** The final sentence of Paragraph 3 explicitly states: "Whether or not every demand of the protesters is accepted, the movement demonstrates that public confidence cannot be maintained merely through assurances; **it requires transparent procedures, clear communication and visible accountability from institutions.**"

Q. 100

Read the following passage carefully and answer the given questions:

The recent protest organised by the Cockroach Janta Party (CJP) at Jantar Mantar in New Delhi drew attention to the growing frustration among students and competitive-examination aspirants over alleged examination paper leaks and irregularities in the recruitment system. Demonstrators demanded greater accountability from the authorities and called for the resignation of Union Education Minister Dharmendra Pradhan. Students from different educational institutions and examination-preparation centres participated in the gathering, arguing that repeated irregularities had damaged their confidence in the fairness of public examinations. For many protesters, the issue was not limited to the cancellation or postponement of a single examination; it concerned the enormous amount of time, money and effort invested by candidates whose futures depend upon a transparent selection process.

Jantar Mantar, traditionally associated with public demonstrations in the national capital, became the central site of the movement. Protesters used speeches, placards and symbolic activities to express their demands, while volunteers attempted to maintain discipline among the large crowd. The agitation also attracted support from activists and citizens who viewed examination integrity as a matter of public interest. As the protesters prepared for a march towards Parliament, security was tightened across parts of central Delhi. Barricades were erected, additional police personnel were deployed, and access to certain areas was restricted. Tension increased when sections of the crowd attempted to move beyond the permitted protest zone, leading to confrontations between demonstrators and the police.

The protest highlighted the difficult balance between citizens' democratic right to express dissent and the administration's responsibility to maintain public order. Supporters of the movement argued that peaceful protests are necessary when formal complaints fail to produce satisfactory action. At the same time, authorities maintained that demonstrations must follow legal restrictions and should not disturb security arrangements in sensitive areas. Beyond the immediate political demands, the agitation raised broader questions about the reliability of examination systems, the protection of students' interests and the need for timely investigations into alleged malpractice. Whether or not every demand of the protesters is accepted, the movement demonstrates that public confidence cannot be maintained merely through assurances; it requires transparent procedures, clear communication and visible accountability from institutions.

Q- Which of the following best describes the overall tone of the passage?

- a) Highly critical and sarcastic 
- b) Objective and balanced 
- c) Emotional and aggressive 
- d) Dismissive and indifferent 

The correct answer is **Objective and balanced**.

Explanation:

- The passage presents the details of the protest, the students' grievances, and the actions of the authorities without taking sides or using emotional language.
- It fairly presents both perspectives: the protesters' democratic right to express dissent versus the administration's duty to maintain public order and security.
- This neutral, analytical approach makes the overall tone **objective and balanced**.

Options Breakdown:

- **Highly critical and sarcastic:** Incorrect, as the author does not mock, ridicule, or aggressively condemn either group.
- **Objective and balanced: Correct Option,** as the passage provides a factual, well-reasoned overview of both sides of the issue.
- **Emotional and aggressive:** Incorrect, as the author maintains a calm, professional tone throughout the text without using charged or sensationalized language.
- **Dismissive and indifferent:** Incorrect, as the author treats the underlying issues (public trust, exam integrity, democratic rights) as serious and worthy of careful discussion.

Correct Option: Objective and balanced

Explanation:
